

Ms. Kwok Hew Chee Kimberly

MBA (Glion Institute of Higher Education)

Certificate Programme in Kindergarten Principalship (Chinese University)

PGDE (Hong Kong University)

BA (Brown University)

Kimberly is the founder of Mighty Oaks International Nursery and Kindergarten located at Kennedy Town, Hong Kong. She is mainly responsible for

1. Enhancing a vision of academic, social and emotional success for all students.
2. Forming a solid team of educators and support staff to deliver the school's mission to "provide a nurturing educational environment with a focus on character building; we explore, learn, laugh, love and grow together so that our children can develop from acorns into oaks of righteousness."
3. Building a strong rapport with the diverse group of educators and parents from the school and the community through the establishment of the Mighty Oaks Club. In accordance with her vision, based on Isaiah 61:3, and in partnership with House of Blessings Foundation Limited, Mighty Oaks became the first school to offer full scholarship to children in need at the playgroup, nursery and kindergarten levels.

Her dedication to children is further evident from her teaching at Solomon's Porch's Children Ministry on Sundays and her active membership of BRING ME A BOOK READING CLUB by Choi EE, where she freely offer her school's resources for their Reading Carnival promoting family literacy. She also read stories to underprivileged children at Jockey Club Kids4Kids Buddy Reading Programme and visits an orphanage in China called House of Hopes in her free time.
